

**Name:** Pseudouridylate synthase

**Function:**

Information detailed on Source

**Source:**

We searched on NCBI with the accession number obtained and confirmed on Uniprot our Blast results:

GO - Molecular function:

pseudouridine synthase activity Source: InterPro

pseudouridylate synthase activity Source: UniProtKB-EC

RNA binding Source: InterPro

We have some lack on information about this protein as we only have a score of 1 out of 5 “-Protein inferred from homology”
